As you look back, I know you will never forget the most unwanted chore that you had to face year after year. The awful task of carrying all of those necessary items up to the place you would call home for the next nine months. It made no difference if you lived on first or sixth floor, or if you walked up steps or rode the elevator, the job was exhausting and tiring. As you traveled from car to room and back again packed down with stuff from head to toe, you wonder if you suddenly realized that you maybe had brought just a little too much with you.

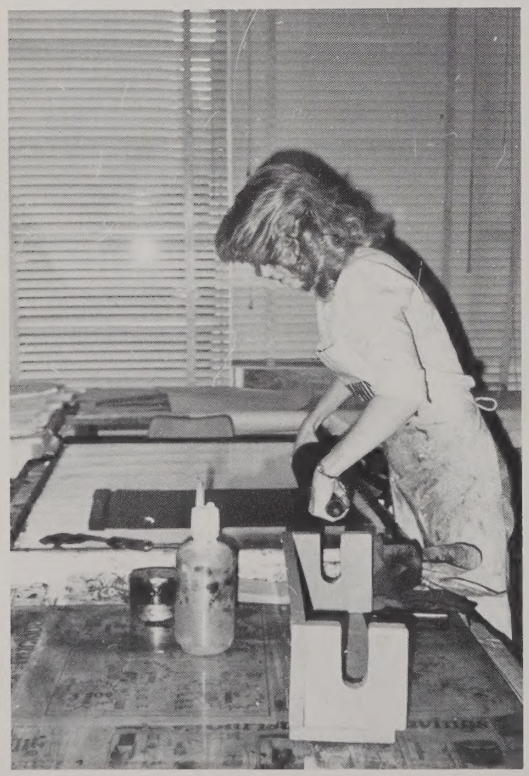
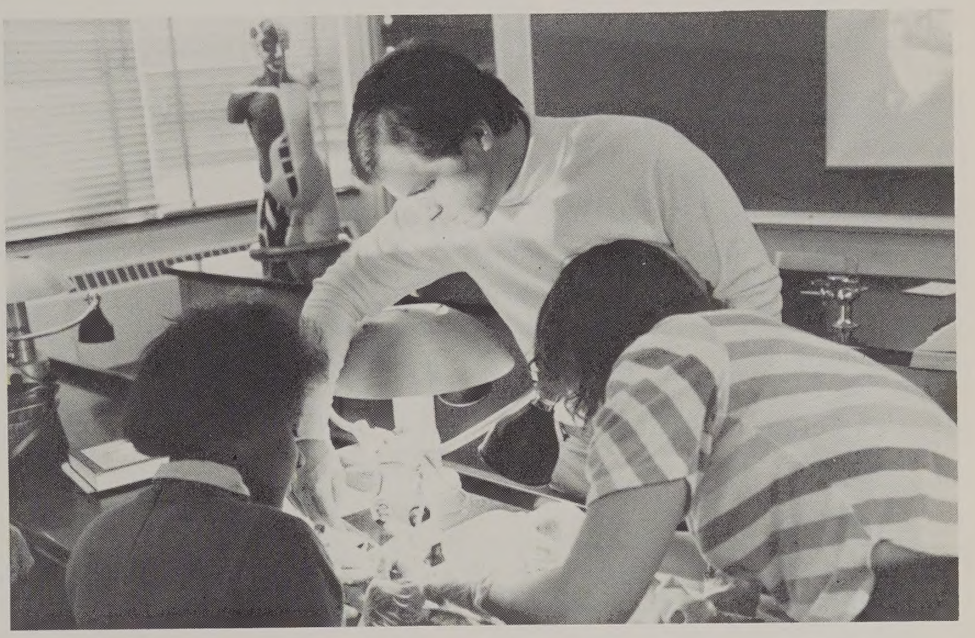
Art

The art department here at V.I. is well equipped with studios that provide the opportunity for students to work in a wide range of media including ceramics, crafts, design, drawing, graphic design, illustration, painting, photography, printmaking, and sculpture.



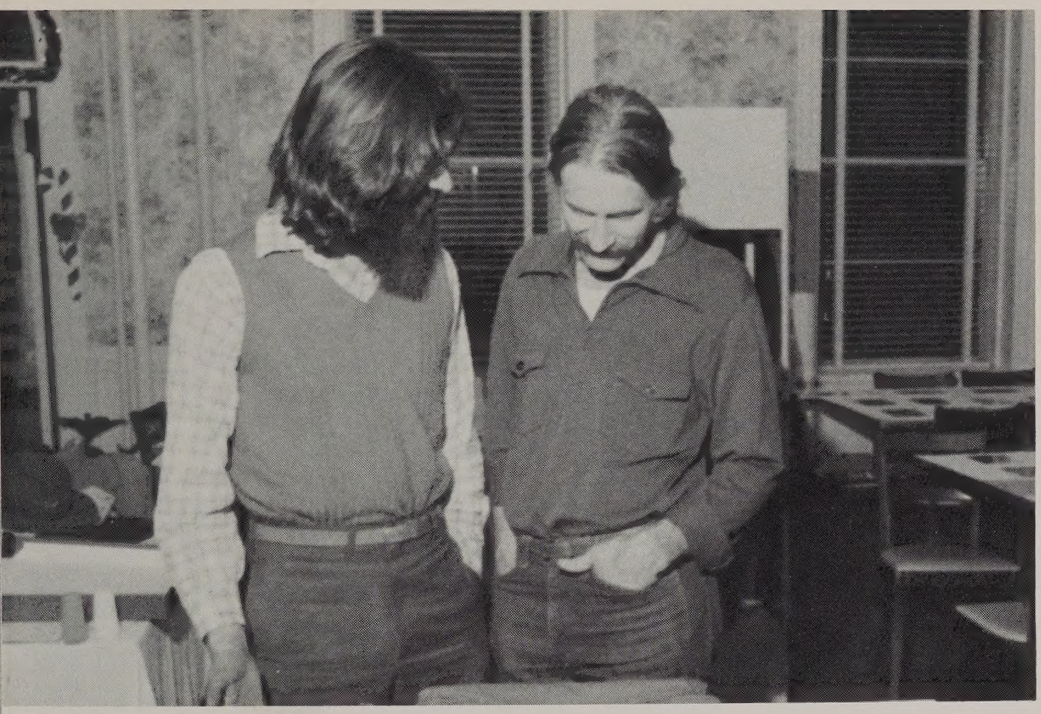
Science

The department of science here at V.I. offers courses of study such as Medical Technology and Biology which lead to a B.A. degree. Also, the science department offers many courses leading to an A.A. degree such as Pre-Dental Hygiene, Pre-Nursing, Pre-Medicine, Pre-Dentistry, Pre-Veterinary Medicine, Pre-Medical Record Administration, Pre-Laboratory Technology, Pre-Cytotechnology, and Pre-Pharmacy.



Photography

Virginia Intermont offers the only program in Virginia leading to a Bachelor of Arts in Photography. This exciting field of photography will expose you not only to the techniques of fine art and experimental photography, but to newer, recently developed techniques. Classes in photography are small, working classes. The students have an opportunity to develop their photography skills in an atmosphere of personalized instruction.

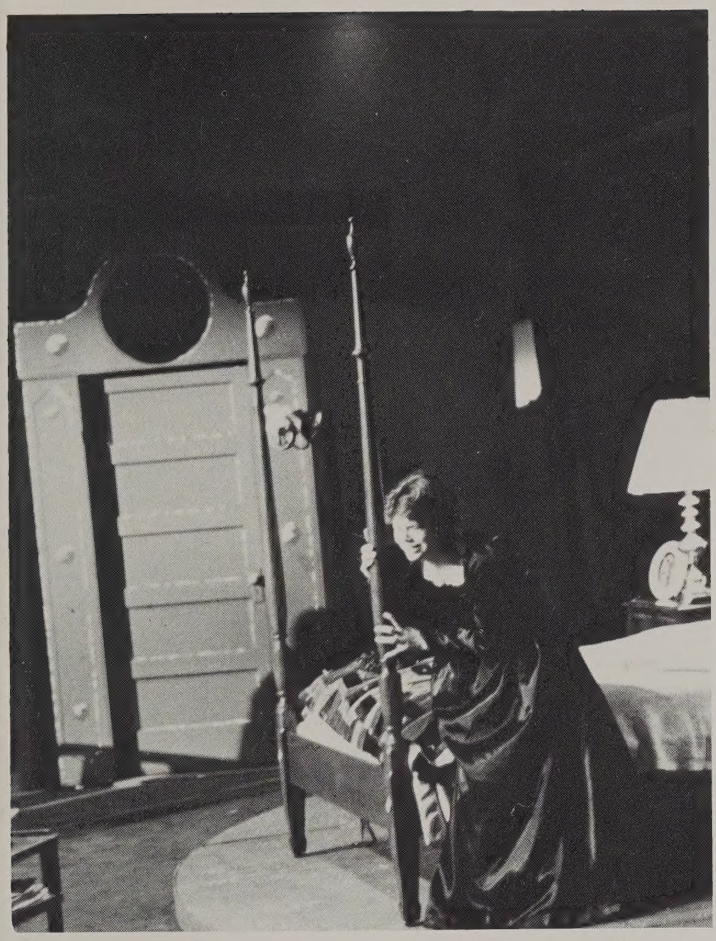


This major is one of the fastest growing ones here at Virginia Intermont. Students in the photography department seem always to be on the move. Often they take excursions into the lush and beautiful mountains and fields surrounding Bristol or are off to photography programs and conferences in North Carolina, Virginia, Florida, New York, and elsewhere. On campus, the work of the students is displayed frequently in the photography gallery enabling everyone to enjoy a work of art. Also as a photography student, you have the opportunity to participate in various workshops. Through these workshops, you will meet visiting photographers and learn about new developments and new techniques. This year a photography show was held in the cafeteria. The pictures seen here are of that show showing different student's work.

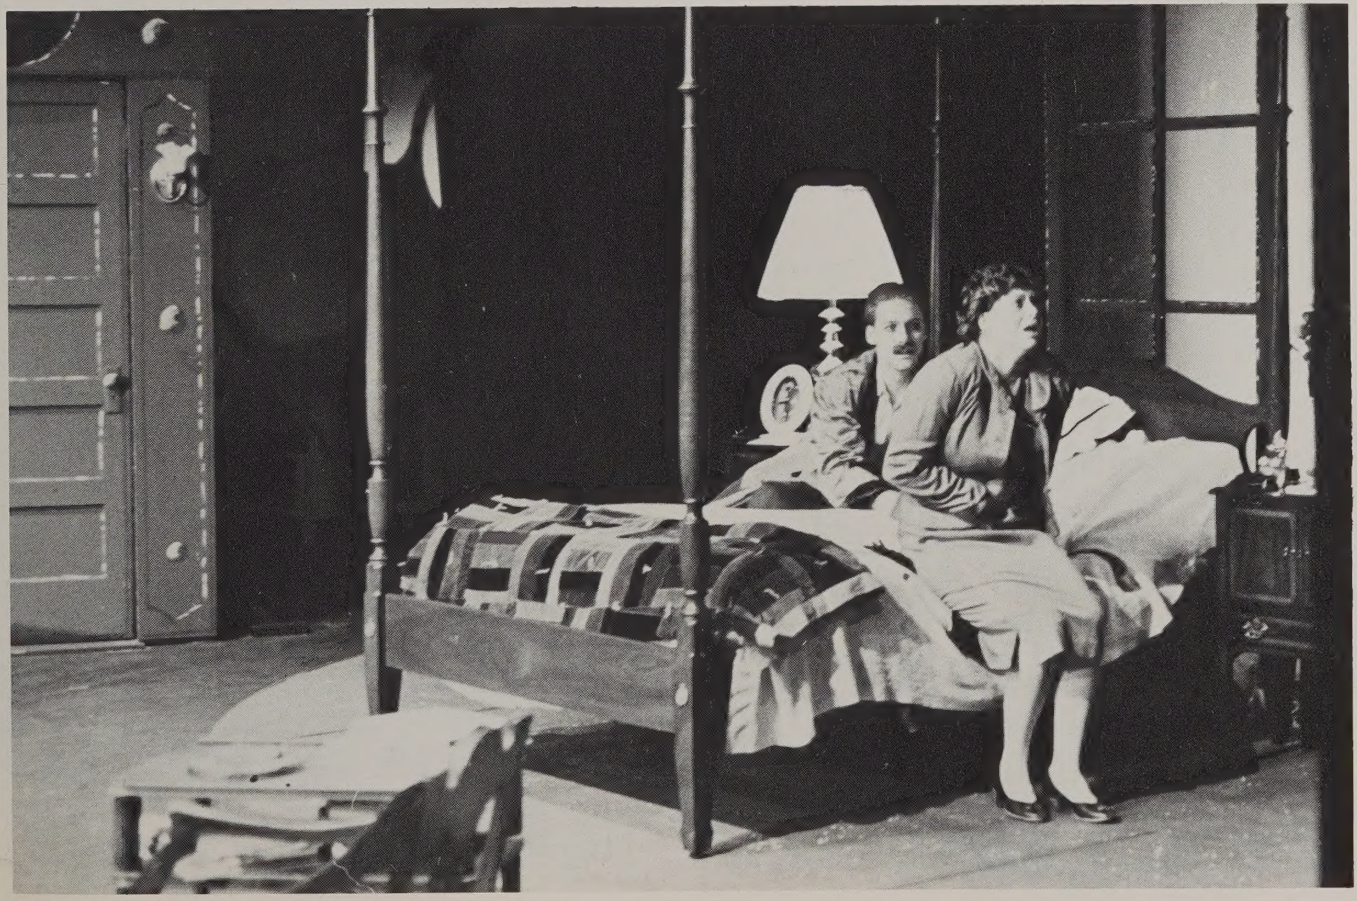
Music

The music department here at V.I. offers three courses of study leading to a B.A. degree — Performance, Church Music, and Music Education. Each course of study has many extra curricular activities that enable a student to enhance his musical knowledge such as a concert series which features nationally acclaimed artists, an annual Church Music Conference every year on organ performance, and Piano conferences on Piano skills and performance. Music majors have access to music facilities and equipment such as a recital hall, practice rooms, and classrooms. A three-manual Moller pipe organ and Steinway and Baldwin pianos are available. In addition, a Flentrop organ is available in Harrison-Jones Memorial Hall.

Theatre

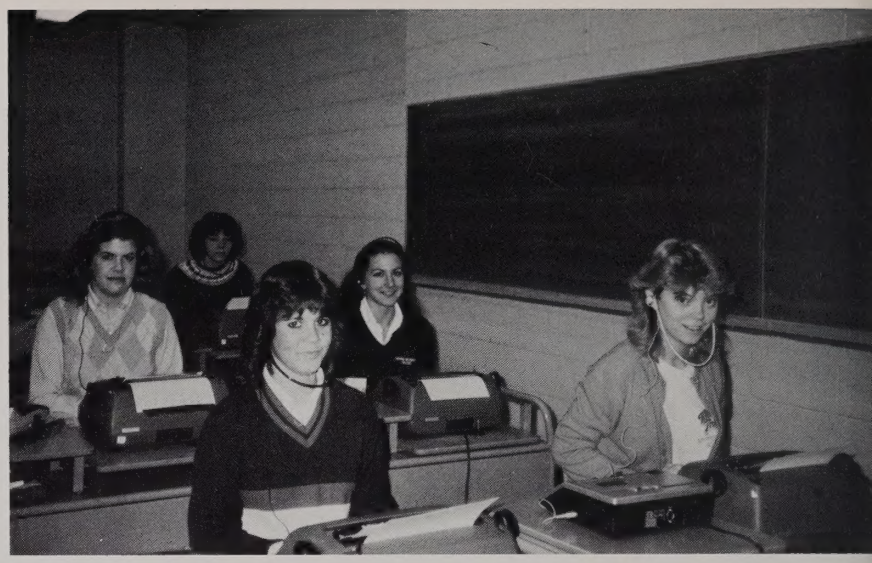


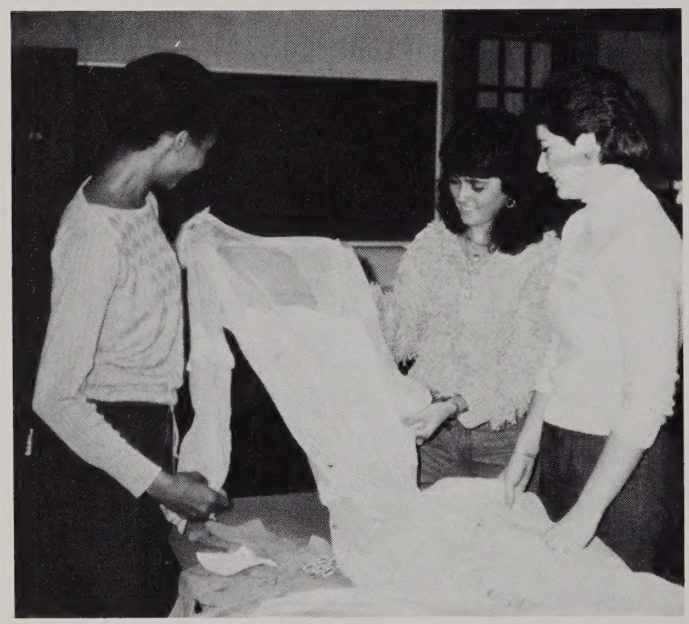
The theatre department here at V.I. is designed to help students acquire a basic knowledge and competency in all areas of theatre production. The program includes classroom study and production work in the Dorothy Trayer Theatre in the Fine Arts Center. Students can gain extensive experience in performance and technical work during the department's annual season of three or four major productions. This department is a member of the American Theatre Association, Virginia Theatre Conference, and Southeastern Theatre Conference.



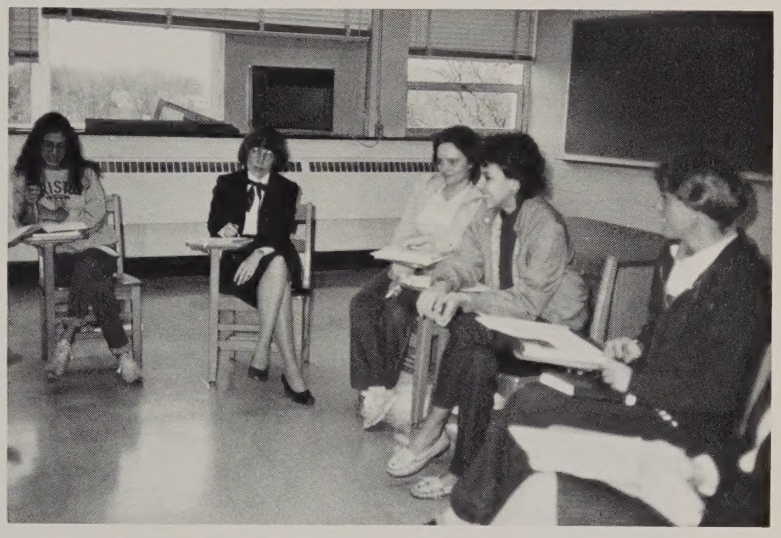
Business

The business department here at V.I. offers varied programs of study in the area of business. Majors may be taken in management, office administration, merchandising, and secretarial studies. The department aims to prepare a student for his/her future in the marketing/retail fields. Seminars and field trips are offered quite often to enhance a student's interests and questions concerning the real world of business. Speakers from corporations, small businesses, and other fields of business are brought in to talk to classes and give an overview of how their business operates.





Another field of business that a lot of students choose to major in is the field of fashion merchandising. This major is very popular at Virginia Intermont. This program prepares a student for both the business and fashion areas of the retail industry. The flexibility of the program allows students to choose electives in management, art, photography, journalism, office administration or other areas which may be complimentary to the students' interests. Merchandising majors also participate in fashion shows throughout the year. Students have the opportunity to be involved in all aspects of a fashion show — from modeling to actual production.



Education

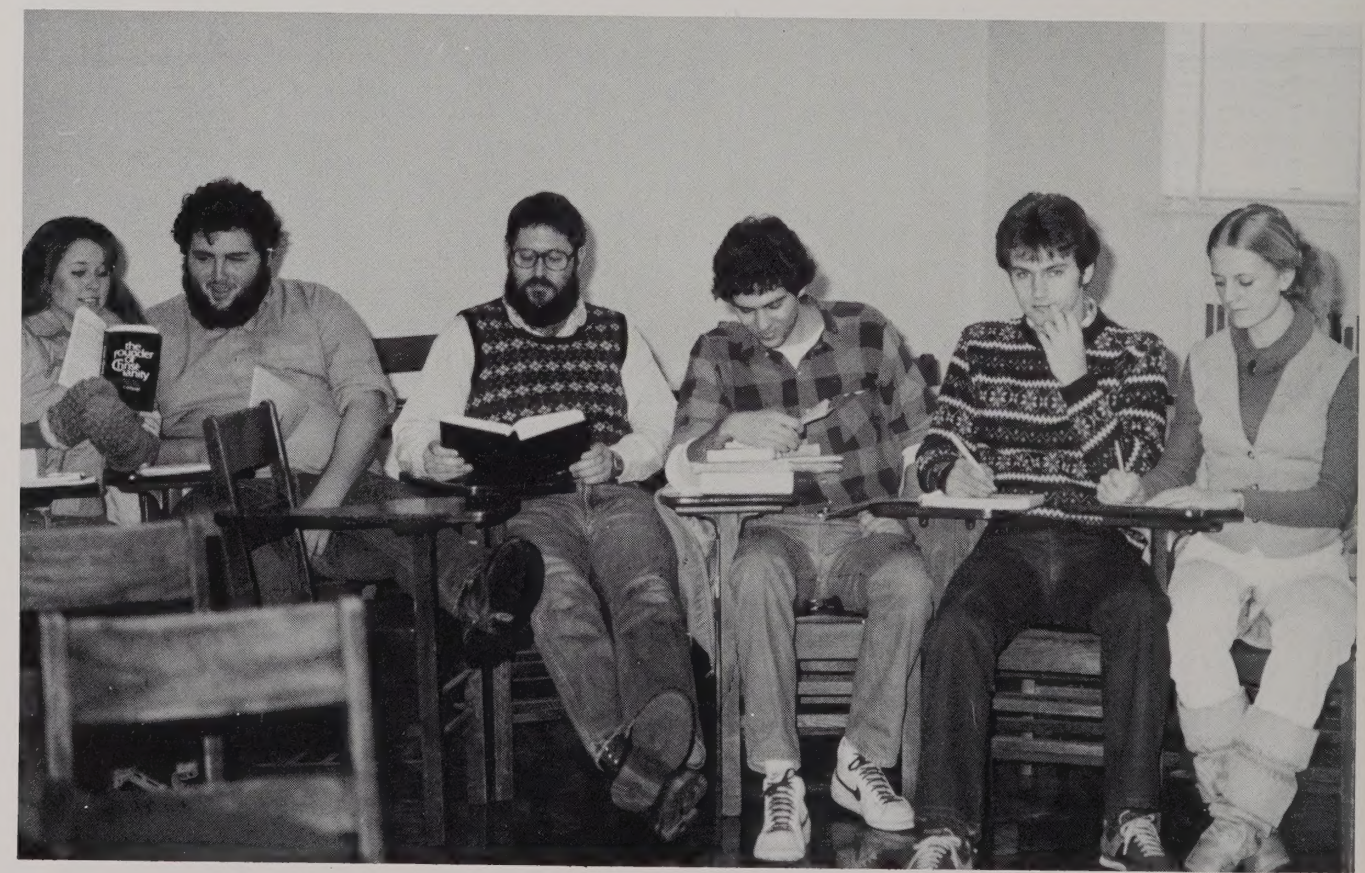
The Education Department at V.I. is designed to help students acquire the necessary skills and knowledge to be used in public school teaching. Through this program, they receive instruction and are provided experiences with the most effective and current methods and materials in their respective fields.

English

The English Department at V.I. allows a student to choose from four programs of interest — traditional English, teacher preparation, creative writing and/or pre-professional. Each of the programs provide their own designs and courses designed to aid the student in the field in which he chooses to study.

Religion Philosophy

The Religion Philosophy major is based on the premise that philosophical and religious ideas permeate all aspects of society. The aim of this major is to offer a broad liberal arts program to students seeking a variety of occupational goals or desiring a sound basis for seminary or other graduate work in philosophy and/or religion.

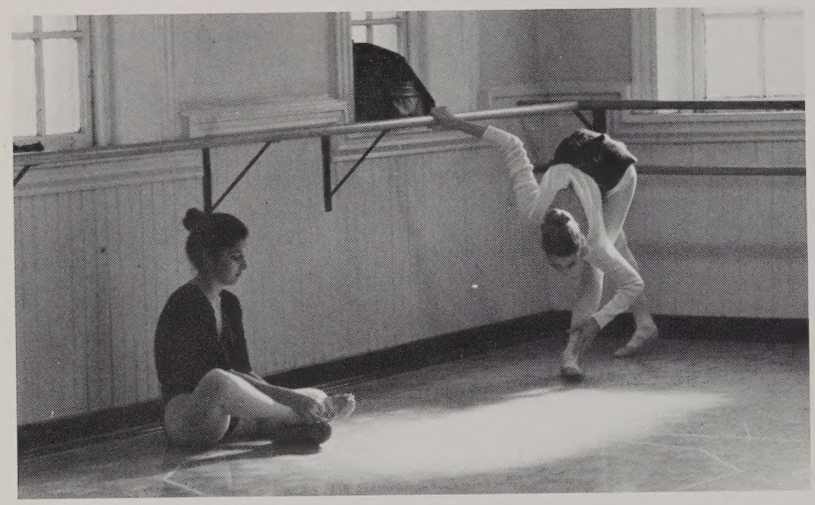


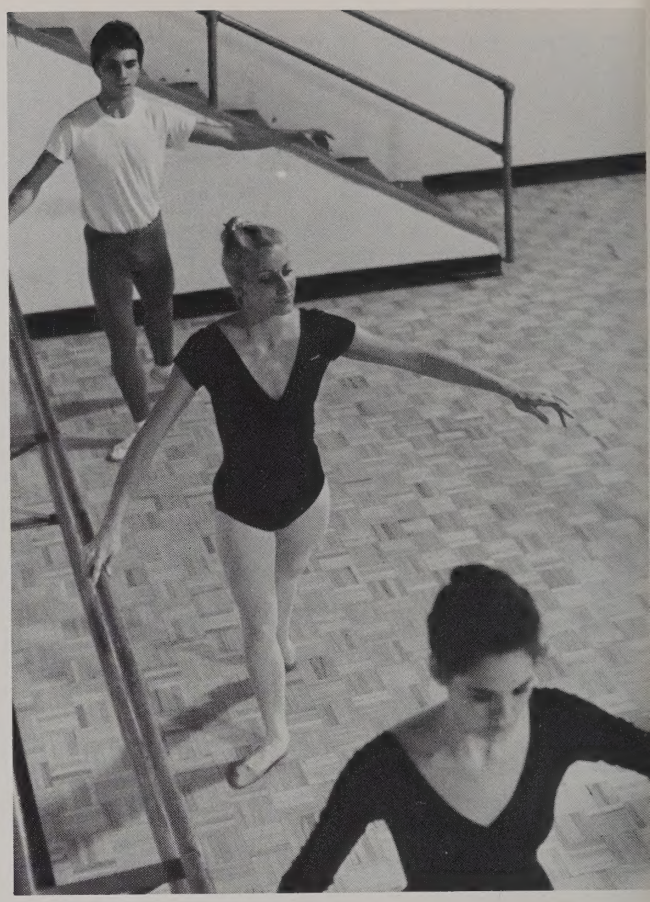
Recreation

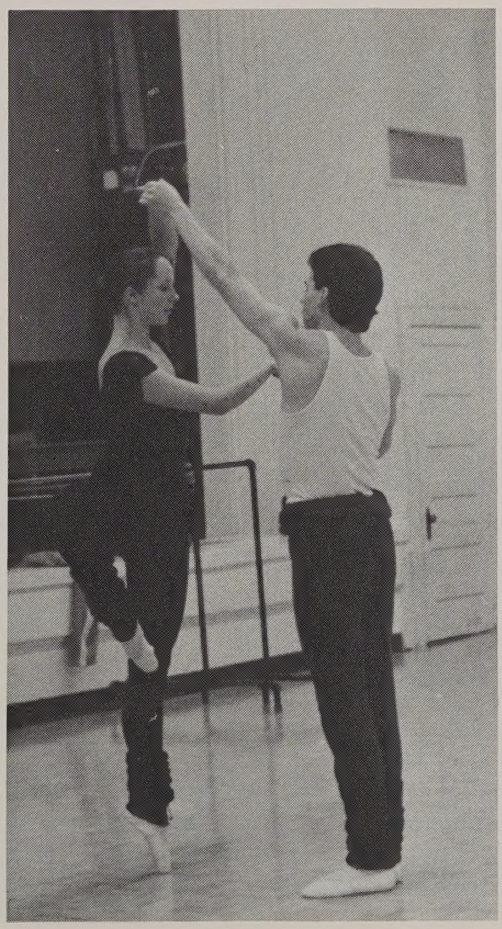
As a recreation major at V.I. a student concentrates on subjects such as P.E. classes and Recreation classes along with Biology, Business, Communications, Health, and other subjects. This is a four year program leading to a B.A. degree.

Ballet

The Ballet program here at Virginia Intermont offers a student to join a department that is a part of the two most important developments in American Ballet. The goal of the Virginia Intermont Ballet Department is to provide serious ballet dancers with both professional training and a college degree. Virginia Intermont gives a student an opportunity to join the Bristol Ballet Company, which is part of the regional ballet movement. This company, is an honor member of the Southeastern Regional Ballet Association. This department is well known and respected all over.



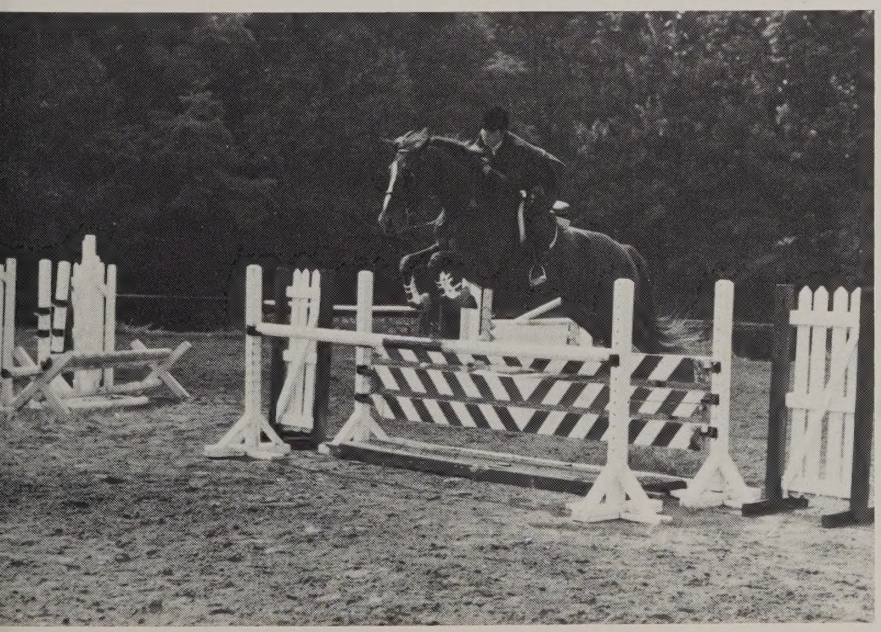


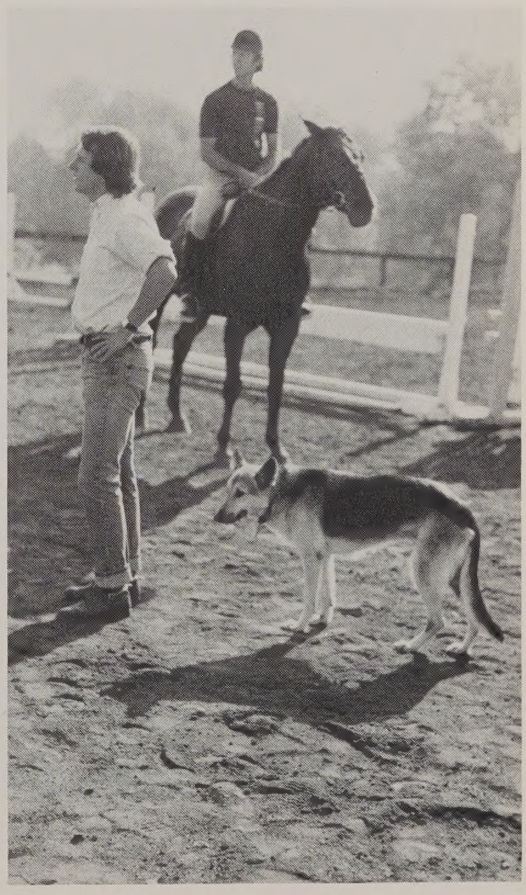


Horsemanship

Virginia Intermont has a nationally recognized horsemanship program. You may receive a B.A. degree in horsemanship by pursuing a four-year program with a major in general horsemanship, management, schooling, or teaching. The program here at V.I. is designed to allow flexibility so students can double major if they wish. V.I. has a Riding Center which is located on a 129-acre farm on Interstate 81, Exit 5. These facilities include stables for 65 horses, 2 large indoor rings, an outdoor ring, hunter trial courses, pre-training and training level cross-country courses, and ample turn-out areas. Transportation is provided by a shuttle bus to transport students to and from riding classes. During the year, riding students participate in intercollegiate shows. In addition, students organize their own shows, and participate in clinics, hunter trials, and horse trials.

The Equestrian Studies program is one of the largest and most popular majors here at V.I.



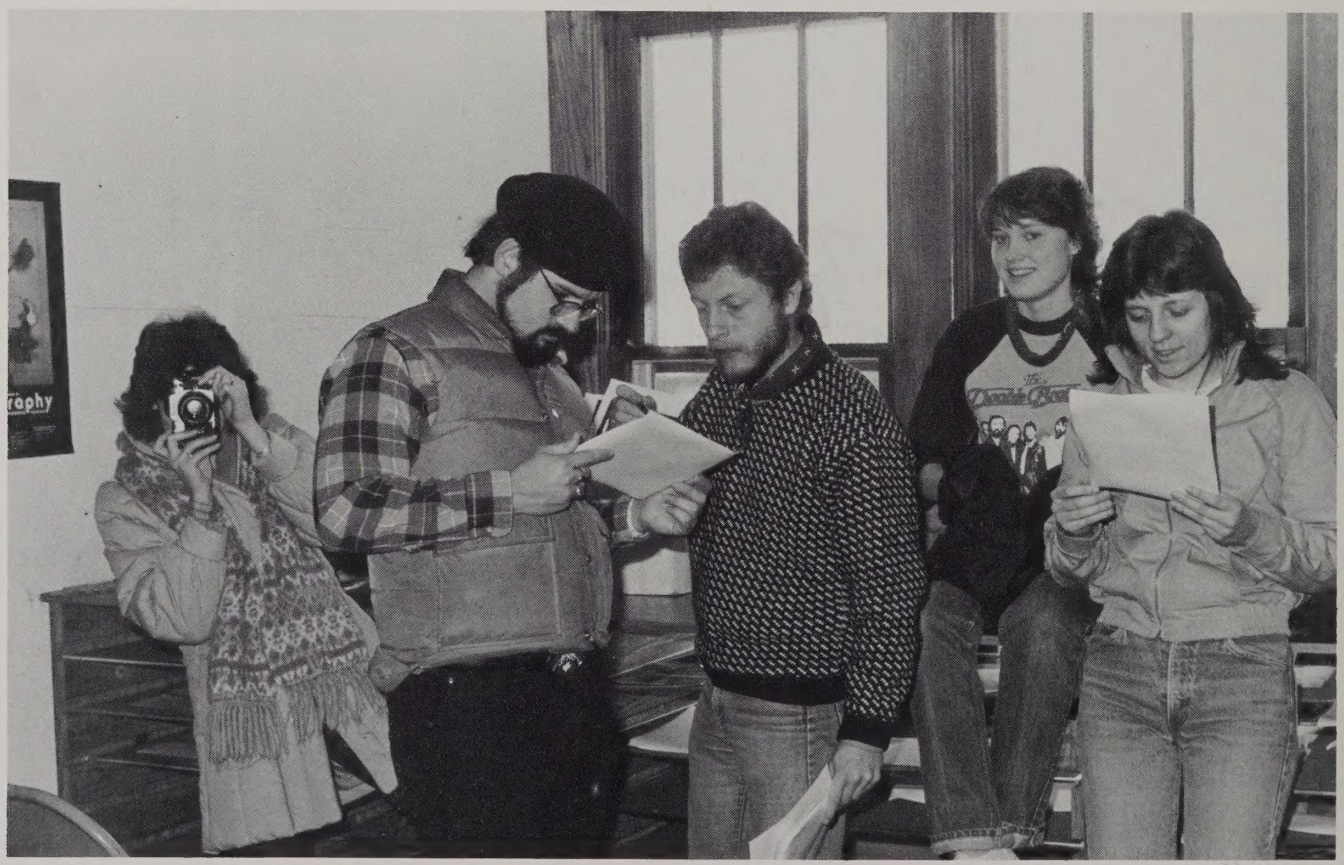


Communication

The Communications program at V.I. features two areas of interest and study: Mass Communication and Film and Video Art.

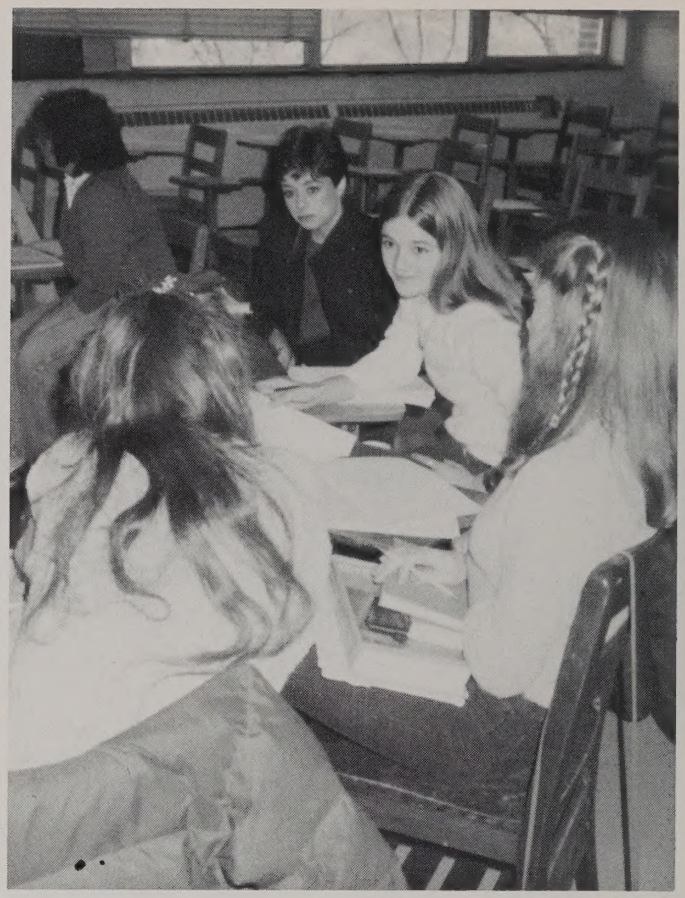
The Mass Communication program educates and trains students to function professionally as journalists in the print or broadcast mediums.

The Film and Video Art program teaches both the aesthetics of film and video and the techniques of production.



Computer

The major of computer information management is fairly new this year. The student who chooses to major in this field will enhance his knowledge of the computer and the languages concerned with the computer and also with the business world around him or her. This major requires not only courses related to computers, but general education courses and courses involving disciplines where computers are extensively used.



Social Work

Social work is the professional activity of helping individuals. groups, or communities enhance or restore their capacity for social functioning. V.I. offers a four year curriculum in social work which is designed to prepare students for beginning social work practice and for graduate study. Here the students are shown filling out welfare forms.

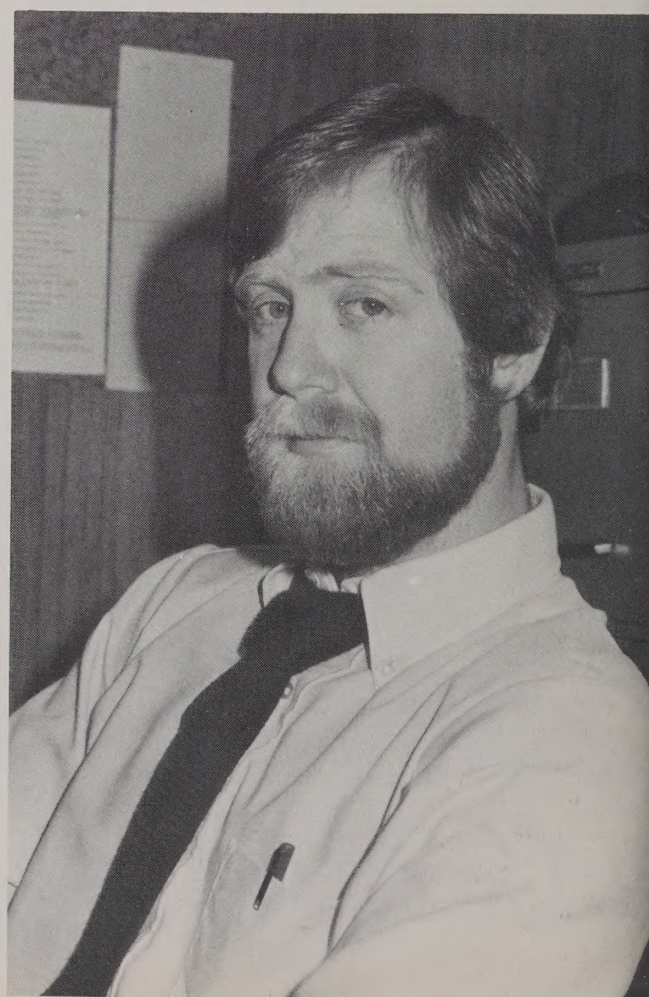
HONORS

1922

Apple Blossom Princess

The Apple Blossom Princess is selected by President Martin to represent our college in the annual Apple Blossom Festival in Winchester, VA. The basis for selection includes beauty, charm, poise, and personality. This year, Basia Jaworski was given the honor to represent V.I. at this festive event.



Outstanding Faculty Award

The Outstanding Faculty Award is presented annually by the **Cauldron,** Virginia Intermont's Student Newspaper, and its recipient is elected through student elections. This year the student body has elected Mr. Jackie Puckett to receive this award.

Who's Who

Who's Who Among Students in American Universities and Colleges include sixteen students from Virginia Intermont College. These students were selected by the faculty and students who used the following criteria; campus leadership, potential contribution to society, academic attainment, personality and character.

CLOSING

Our Alma Mater

In Bristol town stands V.I.C.
No other stands so high
Upon Virginia's mountain land,
Beneath an azure sky.
Its towering walls rise from a hill
Where stately trees abound,
And moon and stars keep silent watch
O'er V.I.'s hallowed ground.

We are students all of V.I.C.
Our second mother dear
We love each brick and clinging vine,
Her noble precepts clear.
We will always hold its banner high,
Wherever we may be,
And show that we are worthy of
Our own dear V.I.C.

When'er the morning birds awake,
Sweet echoes through the hills.
We proudly meet our daily tasks
With hopes and strengthened wills.
When lengthened years bring to our minds
Fond scenes of memory,
A cherished one will always be
Our days at V.I.C.
